

T-23 console

The image shows a screenshot of the Visual Studio Code interface, specifically the Debug Console. The 'DEBUG CONSOLE' tab is selected and highlighted with a yellow border. The console displays the output of a JavaScript program, showing salary calculations for five employees: Mary (salaried), David (hourly), Sarah (hourly), Tom (hybrid), and Lisa (hybrid). Each line includes the employee's name, job type, salary, and a reason for any adjustments, followed by the source file and line number.

```
PROBLEMS  DEBUG CONSOLE  ...  Filter (e.g. text, !exclude)  Launch Program  ▾  ≡  ^  X

rget)
Mary (salaried): $4000 (Sales target not met)                                manage.js:20
David (hourly): $6000 (Hourly rate increased by 50% for exceeding sale ..age.js:34
s target)
Sarah (hourly): $5400 (Hourly rate increased by 50% for exceeding sale ..age.js:34
s target)
Tom (hybrid): $7100 (Hourly rate increased by 20% for exceeding sales ...nage.js:45
target)
Lisa (hybrid): $7320 (Hourly rate increased by 20% for exceeding sales ...age.js:45
target)
