

LinkedIn page for HyperionDev

HyperionDev profile page on LinkedIn. The page features a banner with the text "#CodeDidThis" and a large green square icon. Below the banner, the page title is "HyperionDev" and the subtitle is "Just imagine what you can do with code. #CodeDidThis". It shows "E-Learning Providers · Cape Town, Western Province · 10,461 followers". A call-to-action button "+ Follow" is visible. The main menu includes Home, About, Posts, Jobs, Alumni, and Videos. A sidebar on the right displays a hiring advertisement with two women looking at a phone and a section titled "Pages people also viewed" featuring "GK Africa".

LinkedIn follow confirmation modal

A modal window from LinkedIn confirming the user has followed "HyperionDev". It includes a green circular icon with a checkmark, a message saying "You are now following HyperionDev", and a notification bell icon. A button "Turn on" is present, with options "Not now" and "Turn on". The background shows the LinkedIn profile page for HyperionDev.

**CAREER PATHS**

## Become a developer with true career choice

Developers enjoy some of the highest paying careers in the world, with the freedom and skills to find work remotely and internationally. This comprehensive full stack web development course teaches you to build your own dynamic, data-driven web applications. Learn HTML, CSS, JavaScript, Node.js, MongoDB, Express and React in just 3 to 6 months, and begin your career as a web developer. By 2021, it's projected one million computer programming jobs in the U.S. will go unfilled – as well as 700,000

**Career Paths:**

- Javascript Developer
- UX Designer
- Full Stack Developer
- Web Designer
- Technical author

Show all

The screenshot shows the homepage of the HyperionDev website. At the top, there's a navigation bar with links to LinkedIn, Dashboard, Google Docs, and Online Coding Bootcamp. Below the bar, a banner features the text "Learn more about our bootcamps.", "Join our next info session webinar!", and "Register Now". The main header "HyperionDev" includes a logo and a count of "JOIN 29852 RECENT STUDENTS". A large, bold headline reads "</Secure your future. Learn to code.>". Below the headline, a subtext states: "Our online coding bootcamps are set apart by integrating human-led code review. Our deep experience will support your ability to code and help you achieve career-focused skills". Two buttons are present: "Go to dashboard" and "Watch video". To the right, there's a large image of a smiling woman working on a laptop, with a "Dashboard" button overlaid on the image.

## Online Coding Bootcamps

We partner with leading universities to deliver coding bootcamps. Study online or on campus, around your schedule. Graduate in as little as 3 months.

A comparison chart showing two bootcamp options. The first is the "Certified Full Stack Web & Software Engineer bootcamp", labeled as "Most popular". It offers a comprehensive learning experience, covering complex software, apps, and websites. The second is the "Software Engineer bootcamp", which focuses on transitioning from a beginner to a software engineer quickly. Both programs are designed to be completed in 3 months.

The screenshot shows the HyperionDev website homepage. At the top, there is a navigation bar with links for Courses, Pricing, Our method, For employers, Contact us, and a Dashboard button. Below the navigation bar, there are two main promotional boxes. The left box is titled "Data Scientist bootcamp" and describes learning classic machine learning models and popular data science tools. It offers two duration options: 6 months part-time or 3 months full-time. The right box is titled "Full Stack Web Developer bootcamp" and describes mastering frontend & backend web development using the MERN stack. It also offers 6 months part-time or 3 months full-time options. Both boxes have a "View more" button at the bottom.

The screenshot shows a LinkedIn profile editing window for a user named Amjad Khan. The profile page is visible in the background. A modal window titled "Add education" is open, prompting the user to enter educational details. The "Notify network" toggle switch is turned on. The "School\*" field contains "HyperionDev". The "Degree" field contains "Online Coding Bootcamp". The "Field of study" field contains "Frontend Web Developer - JavaScript - HTML - CSS - Git/GitHub". The "Start date" field shows "December 2022". A "Save" button is located at the bottom right of the modal. The LinkedIn sidebar on the right includes options like "Work", "Profile & URL", and "Another language".

### Build Your Brand II: Recruiter data

If you're self-employed:  
 Input the contact details of companies and the business contacts of the sort of places you would pitch your services or products to.

If you are ready to apply for jobs:  
 In this task we would like you to think about the sort of roles you might like to apply for and the sort of companies you might want to work for, as well as actually submit applications. Find 5 junior tech roles currently being advertised, ensuring you consider large and small companies as well as tech startups. For each of these, identify the recruiting/hiring managers (possibly the Talent or HR people at each company). Capture the details of each of the 5 roles and contacts in this form. If any of your URLs are greater than 255 characters, shorten them by using bitly.com and paste the shortened version into the form.

If you're not ready to apply for jobs yet or may even be currently employed and not looking for a new role right now:  
 We still require you to identify relevant contacts and get into practice should you eventually look for a new role, but are waiving the requirement to actually apply at this point. This means you DO fill in the form, but you DON'T have to actually submit the applications to the employers, and we will NOT reach out to these employers on your behalf. PLEASE NOTE, however, that from the next Build Your Brand task (BYB3) you will be required to actually submit applications to jobs you identify.
